

SOVANTHA BUN

Office & Workplace Operations | Google Workspace | Cross-Functional Coordination
San Francisco, CA · (415) 623-0864 · sbvantha415@gmail.com

PROFESSIONAL SUMMARY

Office and workplace operations leader with 10 years running the day-to-day at a multi-floor San Francisco workplace through a full company rebrand. Owned vendor relationships, the Google Workspace stack, internal documentation, and the onboarding pipeline — built a Google Apps Script automation that replaced a manual checklist. Translate executive asks into shipped operational changes; document everything so non-technical teammates can run it without me.

CORE STRENGTHS

Office & Workplace Operations — Vendor management, facilities coordination, supplies, front-of-house

Internal Communications — SOPs, training guides, HTML email, newsletter layout

Process Improvement — Audit, document, automate — reduce manual error, raise throughput

Google Workspace Administration — Gmail, Drive, Sheets, Docs, Apps Script, installable triggers

Executive & Leadership Support — Calendar coordination, board liaison, exec stakeholder management

Cross-Functional Coordination — F&B vendors, events, leadership, front-of-house

EXPERIENCE

Office Manager

2019 – May 2026

[Amador Club \(formerly Wingtip\)](#) · San Francisco, CA

Private social club in the Financial District. Served as the connective tissue between membership, F&B, events, and ownership through a full rebrand from Wingtip to Amador.

- Ran day-to-day office operations for a multi-floor SF workplace: vendor management, staff scheduling, supplies, facilities coordination, and front-of-house service standards.
- Owned the company-wide tech stack — Google Workspace administration (Gmail, Drive, Sheets, Docs), Microsoft 365 / Outlook, PeopleVine CRM, and SOP documentation.
- Built a Google Apps Script automation pipeline (installable triggers, custom menus, guard clauses, error logging) that significantly reduced manual onboarding work per new joiner.
- Led operations workstream for a full company rebrand: audited every external touchpoint — system emails, newsletters, signage copy, CRM templates — and rewrote them under the new name.
- Designed and maintained internal documentation: written SOPs, training guides, and process docs for non-technical staff to operate independently.
- Acted as the connective tissue between executive leadership, F&B vendors, events team, and front-of-house — translating requests into shipped operational changes.
- Owned external communications systems: HTML email templates, newsletter layout with CSS overrides, and brand-voice consistency across every customer-facing channel.

Customer Advocacy Manager, Web Retail

July 2015 – 2019

[Wingtip](#) · San Francisco, CA

- Managed front-line customer operations for a digital retail channel — primary point of contact for inbound inquiries, escalations, and customer recovery.
- Built ticketing, response, and escalation workflows that improved resolution speed and customer satisfaction.

- Maintained brand voice consistency across all digital retail communications, product copy, and customer correspondence.

SELECTED PROJECTS

Wingtip → Amador Rebrand — Operations Workstream

2022 – 2026

San Francisco, CA

- Audited every customer-facing communication touchpoint — welcome emails, system emails, newsletters, signage copy, and CRM templates — and rewrote them under the new brand.
- Coordinated with leadership and design to keep voice and visual identity consistent across email, print, and on-site materials.

Onboarding Automation — Internal Build

2023

Amador Club

- Designed and shipped a Google Apps Script workflow tied to a single Onboarding sheet: guard clauses for missing data, installable triggers, a custom 'Amador Onboarding' menu, and an error log sheet for anything that fails.
- Result: non-technical staff can onboard a new joiner end-to-end with no manual errors; nothing falls through the cracks.

Folsom Skin — Founder & Operator

2025 – Present

folsomskin.com · San Francisco, CA

- Built and operate Folsom Skin, a queer-centered skincare and beauty education platform — independent side venture alongside full-time role.
- Own end-to-end: information architecture, content production, brand voice, and customer experience.

Soma Skin SF — Founder & Affiliate Operator

2025 – Present

somaskinsf.com · San Francisco, CA

- Operate Soma Skin SF, an affiliate marketing site in the skincare and beauty category — curation, content, and partner program management.
- Manage affiliate partner relationships, content cadence, and SEO-driven product editorial; track conversion and revenue performance per partner.
