

SOVANTHA BUN

People Operations | Onboarding & Workflow Automation | Internal Communications
San Francisco, CA · (415) 623-0864 · sbvantha415@gmail.com

PROFESSIONAL SUMMARY

People operations specialist with 10 years owning onboarding, internal systems, and the documentation that lets a non-technical team run independently. Built a Google Apps Script onboarding pipeline that replaced a manual checklist, ran the Google Workspace and CRM stack for a multi-floor SF workplace, and wrote the SOPs that kept it humming through a full company rebrand. Comfortable owning the unglamorous middle of the people stack — the part that decides whether a new joiner's first week feels intentional or chaotic.

CORE STRENGTHS

Onboarding & Offboarding — End-to-end design, intake, provisioning, first-day handoff	Systems & Automation — Google Apps Script pipelines, Gmail, Sheets, Drive, error logging
Workspace Administration — Google Workspace, Microsoft 365, PeopleVine CRM, SOP libraries	Documentation & Enablement — Written SOPs, training guides, internal process docs
People Communications — Welcome sequences, internal email templates, brand voice	Stakeholder Coordination — Leadership, F&B, events, front-of-house, vendors

EXPERIENCE

Office Manager

2019 – May 2026

Amador Club (formerly Wingtip) · San Francisco, CA

Private social club in the Financial District. Served as the connective tissue between membership, F&B, events, and ownership through a full rebrand from Wingtip to Amador.

- Owned end-to-end onboarding for new members and staff joiners — intake, account provisioning in PeopleVine, welcome communications, document collection, and first-day/first-visit handoff.
- Built a Google Apps Script onboarding pipeline that reads a single intake sheet, sends personalized welcome emails via Gmail, provisions a Drive folder from a template, and logs every step — replacing what used to be a manual, error-prone checklist.
- Maintained the people-systems stack: Google Workspace (Gmail, Drive, Sheets, Docs), Microsoft 365 / Outlook, PeopleVine CRM, and SOP documentation.
- Wrote and maintained internal SOPs and training guides so non-technical staff could operate workflows independently — reduced 'shoulder-tap' interruptions to leadership.
- Led communications workstream during a full company rebrand: audited and rewrote every recurring system email, welcome sequence, and internal-facing template under the new brand.
- Served as the operational interface between leadership, F&B, events, and front-of-house — built schedules, ran vendor relationships, and kept ownership informed without being asked.
- Reporting and segmentation in PeopleVine CRM — pulled lists, built segments, and ran ad-hoc reports for leadership decisions.

Customer Advocacy Manager, Web Retail

July 2015 – 2019

Wingtip · San Francisco, CA

- Managed customer advocacy for Wingtip's web retail channel — first point of contact for inquiries, escalations, and resolution tracking.
- Built response workflows and templates that improved resolution speed and consistency.
- Maintained voice and tone across all customer-facing digital communications.

SELECTED PROJECTS

Wingtip → Amador Rebrand — Operations Workstream

2022 – 2026

San Francisco, CA

- Audited every customer-facing communication touchpoint — welcome emails, system emails, newsletters, signage copy, and CRM templates — and rewrote them under the new brand.
- Coordinated with leadership and design to keep voice and visual identity consistent across email, print, and on-site materials.

Onboarding Automation — Internal Build

2023

Amador Club

- Designed and shipped a Google Apps Script workflow tied to a single Onboarding sheet: guard clauses for missing data, installable triggers, a custom 'Amador Onboarding' menu, and an error log sheet for anything that fails.
- Result: non-technical staff can onboard a new joiner end-to-end with no manual errors; nothing falls through the cracks.

Folsom Skin — Founder & Operator

2025 – Present

folsomskin.com · San Francisco, CA

- Built and operate Folsom Skin, a queer-centered skincare and beauty education platform — independent side venture alongside full-time role.
- Own end-to-end: information architecture, content production, brand voice, and customer experience.

Soma Skin SF — Founder & Affiliate Operator

2025 – Present

somaskinsf.com · San Francisco, CA

- Operate Soma Skin SF, an affiliate marketing site in the skincare and beauty category — curation, content, and partner program management.
- Manage affiliate partner relationships, content cadence, and SEO-driven product editorial; track conversion and revenue performance per partner.
